COMPLETE LIST OF PUBLICATIONS OF PHILL SCHULTZ

(22) Enumeration of rooted trees with a height distribution, [with C. E. Praeger and N. C. Wormald], *Ars Combinatoria*, **19A**, (1985), 191–204.

(47) Determination of an abelian group by its automorphism group in the class of all periodic abelian groups[with A. Sebeldin and A. L. Sylla], *Proceedings of International Algebraic Conference Dedicated to the memory of Z.I.Borevich*, St. Petersburg, 2003, 152-153 (Short version of [45])

4 COMPLETE LIST OF PUBLICATIONS OF PHILL SCHULTZ

(52) The upper central series of a p-group acting on a bounded abelian p-group, [with Maria A. Avino-Diaz], arXiv:math GR/0606605v1, 23 June 2006

(60) Sums, Products and Bases, Proceedings of the International Conference on Modules and Representation Theory (BABES - BOLYAI UNIVERSITY, CLUJ-NAPOCA, JULY 7-12, 2008) 2009, 183–194

(62) The Western Australian Junior Olympiad, Cross Section, Vol. 19, 1, MAWA, 2009, 18-20

(70) Paradoxes of Infinity, Mathematical Spectrum , Vol 43, No. 1,, 34–40, 2010

(73) Modules with Dedekind Finite Endomorphism Rings, [with Simion Breaz and Grigore Calugareanu] Mathematica (Cluj), 53, (76), No. 1, 2011, 15-28
